

VIRTUAL SKINCARE CONSULT

To initiate a skincare consultation with one of our Certified ZO Experts, kindly complete the form on the following page and proceed by clicking the submit button. This will electronically transmit the completed form to infodallas@epicentreskincare.com.

After receiving your email, we will then invoice you a \$150 consult fee that will go directly towards the purchase of your products. Once we have received payment, one of our Certified ZO Experts will begin working on your customized ZO regimen.

All orders placed with EpiCentre will receive a 20% discount off website pricing as a thank you for shopping with us. Expect to pay a minimum of around \$500 for a basic/core regimen. We are committed to getting your skin in the best health possible and in order to do that, we have to start with the basics. If you are not able to purchase at least a core regimen, it is best recommended that you wait for a consult until you can do so. A more clinical approach, including more active products, will have a higher price point. We believe our EpiCentre patient discount and our results driven approach will make your investment well worth it.

Once we have created your personalized regimen and agreed on products, you will then be directed to our website, epicentreskincare.com, and given a discount code to get your 20% off. Your products will be shipped via USPS and instructions for your regimen will be texted to you from our patient text line, which you now will have access to. We will be available to you for any questions or concerns you might have moving forward. You are not alone! We will be checking in on your progress and suggesting add ons and changes to your regimen, as your skin starts to improve. To continue to receive care and instruction via this text line, all future ZO purchases must be made through EpiCentre.

Thank you for choosing EpiCentre as your provider! We can't wait to help get you the best skin of your life!
